## Introduction: What are “cookies”?

Like a lot of other websites, the RGIS websites and apps use cookies and similar technologies (such as pixels, beacons, tags and scripts) (referred to as “Cookies”). Cookies are small text files that are saved onto your computer, phone or on your other devices while you visit websites in order to personalize and improve your browsing experience.

Some Cookies used by RGIS can contain identification data about you. In that case, such Cookies are considered personal data which will be used in accordance with our Privacy Policy.

Other parties may use cookies on the RGIS websites to provide services to us.

To understand how other parties use Cookies, please review their policies.

The following Cookies policy describes how RGIS uses Cookies on its websites.

## How we use Cookies

When you visit one of our websites, we may use two types of Cookies: the Cookies that we set and the Cookies that we receive.

**The Cookies that we set** can be essential to perform specific functions, for example to remember your preferred language or keep you connected to your account once you are logged in. We can also set non-essential Cookies which provide us data on how visitors use our websites so that we can improve them.

**The Cookies that we receive** allow us to better tailor our websites to match your interests.

The Cookies we use generally fall into the below categories of use:

- analyzing trends;
- administering the site;
- tracking users’ movements around the site;
- and to gather demographic information about our user base as a whole.

You can also visit <https://www.youronlinechoices.eu/> for more details.

## Activating, de-activating and deleting cookies

Most of the web browsers allow you to manage Cookies. You can choose to accept or reject all Cookies and delete the Cookies already stored on your devices.

If you choose to reject all Cookies, you will still be able to access RGIS websites and apps but some important functionalities will not be activated.

The following links provide information on how to manage your Cookies on the most popular web browsers:

Manage consent

Mozilla Firefox: [https://support.mozilla.org/en-US/kb/cookies-information-websites-store-on-your-computer#w\\_cookie-settings](https://support.mozilla.org/en-US/kb/cookies-information-websites-store-on-your-computer#w_cookie-settings)

Opera: <https://www.opera.com/help/tutorials/security/privacy/>
